<b>Austria (ASI)</b> <b>Wagmeister, Stefan Mr</b>	<b>Comment to Q.1:</b>  Because of the proposed Vienna Agreement and the potential conflicts with the work of CEN/ C 442/WG 3 "Information delivery specification" Austria decided to vote against the project.	2019-05-13

<b>China (SAC)</b> <b>SONG, Jie Ms</b>	<b>Comment to Q.6:</b> This NP did not specified the relationship with ISO 29481. Based on the experts understanding, ISO 29481 is the Information Delivery Manual and focused on "data processing process", and this draft is about "management process". However, the correlation between the "management process" and the "data processing processes" should be explained.  <b>Comment to Q.7:</b> Mr. Wei Lai email: weil@cbs.com.cn	2019-07-01

This NWIP must be aligned with ISO 19650 and cannot be considered independently.</i></li> <li>• <i>Clause 7.4 (Conformity) cannot refer to non-standardized texts (COBie, BCF): part 4 of ISO 19650 should not define IT solutions because this is not the purpose of the 19650 series</i></li> <li>• <i>The document refers (Chap. 2) to TS ISO 12911, the revision of which has just been voted for alignment with ISO 19650.</i></li> </ul> <b>Comment to Q.7:</b> Marie-Claire Coin : marie-claire.coin@vinci.com	2019-06-27
